INSURANCE AGENCY

March 30, 2011

As a result of new legislation, Michigan continues to qualify for Extended Benefits (EB) for up to 20 weeks. The current Extended Benefits program will continue beyond April 2, 2011. The new law provides for the continuation of full federal funding of the EB program to unemployed workers through week ending December 31, 2011. The new legislation did not add additional weeks of benefits. To continue collecting EB, you must report to MARVIN by telephone at 1-866-638-3993, or online at <http://michigan.gov/uia> on your scheduled day and time.

DELEG is an equal opportunity employer/program.
Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.
